

REGIONAL NETWORK UPDATE: GREATER ASIA

August 3, 2020,

Below are general updates which **do not** affect our current operations in Asia:

North Asia

- **Hong Kong:** The government extended its stepped up social-distancing measures for another week. Effective July 29, 2020, ships without any cargo trade via the city are no longer allowed to make crew changes during their stop. Other social-distancing measures that limit public gatherings and ban restaurants dine-in services will also be extended. Our current operations remain unchanged.

South Asia

- **Bangladesh:** The local government has allowed offices and other workplaces to continue operating on a limited scale through August 31, 2020. Restricted operations continue in red/containment zones. Our current operations remain unchanged.
- **India:** Central Govt. of India has issued guidelines for phase 3 of “unlock”, valid through August 31, 2020. Concurrently, respective state governments have made their own assessments and released respective state guidelines, in which some locations were given lesser relaxations. In major India cities and economic hubs of Mumbai, Hyderabad, Chennai, Tuticorin, Kolkata, Bangalore have had lockdown extended through August 31 with some relaxations and restrictions in red/containment zones (article [here](#)). Most factories have however, fully or partially resumed production, and APLL CFS operations continue with some restriction in certain cities.
- **Pakistan:** Lockdown in Pakistan has been renamed to “smart lockdown”, which is extended through August 15, 2020. Essential services remain open, while inter-city and inter-district public transport will be allowed to operate round-the-clock. Our current operations remain unchanged.

Southeast Asia

- **Philippines:** The local government will reimpose a stricter lockdown in the country for 2 weeks, effective August 3, 2020. Metro Manila and nearby provinces such as Laguna, Cavite, Rizal and Bulacan will be placed under so-called "Modified Enhanced Community Quarantine" (MECQ) until August 18. Some businesses and public transport are expected to be closed in the capital, work

and quarantine passes will also be required (article [here](#)). Our current operations remain unchanged.

- **Vietnam:** The local government has placed Danang on a strict lockdown for at least 15 days, with all flights to and from the central city suspended. Non-urgent meetings, public gathering of more than 30 people has also been banned. Our current operations remain unchanged.

We continue to deploy work-from-home as needed. We are monitoring the situation and will work directly with customers in the event of any impact or potential impact.

Please refer to the **COVID-19 Operational Status Matrix** [here](#) for most recent detailed regional updates.

Global cases can be tracked [by accessing this live map created by Johns Hopkins University](#).
