APL LOGISTICS LAUNCHES LSS+

January 25, 2021

SCOTTSDALE, ARIZONA – APL Logistics Ltd is proud to announce the launch of Logistics SuperSuite Plus (LSS+) – the next generation of APL Logistics’ visibility and reporting platform.

LSS+ is APL Logistics’ Order Management solution that delivers seamless, end-to-end integration across your supply chain. The LSS+ proprietary platform combines the functionality of a core operating system with industry-leading data analytics and optimization. LSS+ provides tools to connect key stakeholders, helping you collaborate efficiently and stay on top of your ever-changing supply chain needs. Our products and services fall into four categories:

VENDOR
COLLABORATION

REPORTING

ANALYTICS

“APL Logistics has a legacy of providing innovative technology solutions and service offerings in the logistics market. LSS+, our latest solution in this journey, is a culmination of responding to our customers’ needs and holding our technology to an increasingly high standard. We are confident in its ability to help our customers stay on top of all their critical supply chain processes from order management to shipment visibility.”

Hakan Yaren, CIO, APL Logistics

LSS+ is a dynamic redesign of the SeeChange and Logistics SuperSuite (LSS) solutions, focusing on data management, and visibility. The “+” signifies the addition of enhanced features that we believe will be critical in the future of supply chain.

All current SeeChange customers will have access to the updated application and can expect the following advancements:

- Improved user experience with simplified, streamlined processes
- Improved collaboration between various parties
- New reporting features to build custom or scheduled reports
- Visibility across the supply-chain, regardless of partner or mode
