

## **MAERSK EINDHOVEN – ENCOUNTERS HARSH WEATHER – REPORTS OF CONTAINERS OVERBOARD**

February 18, 2021,

**Dear Valued Customer,**

You are receiving this advisory because you may have cargo or have cargo scheduled to sail on the Maersk Eindhoven

Please be advised that on February 17, 2021, the Maersk Eindhoven was reported to have experienced an engine stop in harsh weather near Japan while en route from Xiamen, China, to Los Angeles, California. Preliminary reports from Maersk indicate that a number of containers have been lost overboard.

Maersk is currently assessing the nearest suitable port options in Asia to berth the vessel.

As we learn more about the disposition of APL Logistics' NVOCC containers, we will issue further updates.

If you have any questions or concerns, please contact your APL Logistics Account Manager or local APL Logistics office.

Sincerely,

APL Logistics
