

BNSF DERAILMENT IN NEW MEXICO

June 16, 2021,

Dear Valued Customer,

On Monday afternoon, June 14, BNSF experienced a derailment at Marmon, New Mexico, on the Southern Transcon line – the main route between Southern California and the Midwest.

BNSF restored service to both tracks Tuesday night. However, customers should expect 24-48 hr. delays due to the high volumes to/from Southern California and Phoenix until operations have fully normalized.

As the pent-up inbound volumes begin to flow through the network, facilities in Chicago and Memphis may be challenged.

We will continue to monitor the situation and will send updates as necessary.

If you have any questions or concerns, please contact your APL Logistics Account Manager or local APL Logistics office.

Sincerely,

APL Logistics
