

CUSTOMER ADVISORY

PORT OF NEW ORLEANS ASSESSING DAMAGE FROM HURRICANE IDA

August 30, 2021,

Dear Valued Customer,

As reported across media outlets, Hurricane Ida made landfall in Louisiana on Sunday, causing widespread power and telephone outages in the New Orleans metro area – affecting 911 services as well.

The Port of New Orleans remains closed today (Monday, August 30, 2021). It is reported that the Port of NOLA has experienced minor damages. However, the US Coast Guard must assess navigation along the Mississippi River before vessels are permitted to move. Local crews members are strained as they struggle to get their homesteads secure before returning to work.

For more information, please see the below articles:

APL Logistics teams are communicating directly with customers who have cargo/shipments directly impacted. Please note that any pick-ups or deliveries to the New Orleans area will be affected by potential delays.

We will continue to monitor the situation and send additional updates as needed. If you have any further questions or concerns, please contact your APL Logistics Account Manager or local APL Logistics office.

Sincerely,
APL Logistics
