

HO CHI MINH CITY - PORT INFRASTRUCTURE FEE

March 18, 2022

Dear Valued Customer,

Ho Chi Minh City government will be implementing Port Infrastructure Fee (PIF), applicable to all import/export cargo dropped off or transited via Ho Chi Minh City Port Systems effective April 1, 2022 (see news [here](#)). A pilot trial will take place from February 16, 2022, to March 15, 2022.

As per the latest information from Port Authority, the fees are as below:

Seq	Cargo	Basis	Unit rate (VND)
1	Temporary import and re-export, bonded warehouses, Transit and Transshipment Goods via Ho Chi Minh City Port Systems		
	20 feet container	Per Container	2,200,000
	40 feet container	Per Container	4,400,000
	Liquid & non-containerized	Per Metric Ton	50,000
2	Import/ Export Cargo via Ho Chi Minh City Port Systems		
2.1	Customs declaration outside Ho Chi Minh City Customs Station		
	20 feet container	Per Container	500,000
	40 feet container	Per Container	1,000,000
	Liquid & non-containerized	Per Metric Ton	30,000
2.2	Customs clearance at Ho Chi Minh City Customs Station		
	20 feet container	Per Container	250,000
	40 feet container	Per Container	500,000
	Liquid & non-containerized	Per Metric Ton	15,000

Source: Resolution 10/2020/NQ-HDND, VNACCS Systems & PIF payment systems of HCMC People Committee

All importers/exporters are responsible for the payment of PIF for their cargoes going through Ho Chi Minh City Port Systems. APLL Vietnam is currently reviewing the final fees to be collected and customers will be notified separately on the exact details.

If you have any further questions or concerns, please contact your APL Logistics Account Manager or local APL Logistics office.

Sincerely,
APL Logistics
