

BORDER DEVELOPMENTS BETWEEN THAILAND AND CAMBODIA

July 28, 2025

Dear Valued Customer,

APL Logistics would like to update you on the latest developments concerning the ongoing border tensions between Thailand and Cambodia.

Following initial clashes in May 2025, the situation has escalated, culminating in a full closure of the border as of July 24, 2025. Military activity has intensified in recent days, particularly in areas adjacent to the Thai-Cambodian border.

Current Situation Overview:

- The military activities are concentrated near the border zones.
- Our facilities in both Cambodia and Thailand are located away from the affected areas and remain fully operational.
- All APL Logistics staff in both countries are safe.
- Ports, terminals, and airports across Cambodia and Thailand continue to operate normally without disruption.

Our teams are actively monitoring the situation and remain in close contact with factories and vendors. Should conditions deteriorate, we are prepared to activate our Business Continuity Plan to ensure minimal impact to our operations and service delivery.

For further assistance or inquiries, please contact your APL Logistics Account Manager or your local APL Logistics office. We appreciate your continued understanding and patience during this time

Sincerely,
APL Logistics
