FCL Highlights

Get reliable, day-definite delivery for your FCL shipments.

OceanGuaranteed™ bypasses rail and reduces hand-offs by moving containers directly from port-to-door. Priority discharge and team-truck delivery mean faster transit and more predictable arrival—backed by a money-back guarantee.

Intact Service

- Container picked up from port and delivered directly
- Unbroken seal, fastest transit, priority handling

Transload Service

- Costs lowered by eliminating container repositioning
- Shipment moved 1:1 to domestic trailer to consignee locations via team-drivers

LCL Highlights

OceanGuaranteed™ redefines LCL shipping. Avoid the trap of over-ordering or resorting to airfreight to circumvent LCL shipping.

OG is the “middle ground” between standard LCL ocean shipping and airfreight. Order what you need, when you need it—faster than traditional LCL, cheaper than air, with reliable visibility throughout.

- Simple per-kilo pricing model similar to airfreight
- Consolidated by APL Logistics
- Services offered in select locations in Mexico & Canada

Why OceanGuaranteed™ for LCL?

40% Faster Transit Times

OG delivers an average transit time reduction by origin, resulting in shipments that are up to 40% faster than standard ocean LCL shipping.

Predictable, Reliable Delivery

Port-to-door service combined with APL Logistics' advanced modeling tools ensures consistent, guaranteed delivery schedules, eliminating the unpredictability of LCL and reducing the risk of stockouts.

End-to-End Supply Chain Visibility

Eliminate the 'black-hole' of LCL movement tracking with enhanced PO/vendor management and real-time shipment tracking.
